Sir,

Ref: Order No.W.1608 - W.144-43-14 dated 25-1-1944
re: undertaking in respect of Motor Vehicles.

With reference to the above, I have the honour to state as follows :-

The two motor lorries of the Company (One old Bedford No. MYS/9982 and one new Ford recently purchased) are for use for estate trips. The estates are situated in the interior accessible in most cases by ghat roads only. Gas fitted lorries will not be able to proceed on these roads. We request, therefor that we may be exempted from fitting these two lorries with gas plants.

The Mysore Government have a predominant interest in these Works and therefore, the Government revenue will be effected by the success or otherwise of this Company. In order to get more business, it is essential that our lorries be sent to the estates to bring coffee here for curing.

In the above circumstances, we request that the clause requiring to fit a producer gas plant be deleted in our case in the undertaking to be given by us.

Thanking you,

I have the honour to be
